

| Product Type<br>↑ | Product Code | Product Name   | List Price  | Product Description  |
|-------------------|--------------|--|-------------|--|
| <b>ADCP</b>       | 12937-01     | ADCP, WORKHORSE II MONITOR 300KHz, WITH BOTTOM TRACKING  | \$49,500.00 | Kit includes a Teledyne Workhorse II Monitor 300kHz Acoustic Doppler Current Profiler (ADCP), hardware to mount it, and SMC sensor management software and configurations. A Liquid Robotics SMC Integrated Payload is required and not included.  |
|                   | 12937-02     | ADCP, WORKHORSE II MONITOR 600KHz WITH BOTTOM TRACKING   | \$49,500.00 | Kit includes a Teledyne Workhorse II Monitor 600kHz Acoustic Doppler Current Profiler (ADCP), hardware to mount it, and SMC sensor management software and configurations. A Liquid Robotics SMC Integrated Payload is required and not included.  |
|                   | 04259        | BRACKET, ADCP  | \$350.00    |  |
| <b>CTD</b>        | 09446        | Kit, Mounting Hardware, Seabird Glider Payload CTD [not included] and Dissolved Oxygen [not included], v200 or v300 Sub            | \$11,750.00 | Kit includes the hardware required to mount a Seabird Glider Payload CTD and SBE 43F Dissolved Oxygen sensor to a v200 or v300 sub, and the necessary SMC1 sensor management software and configurations. A Liquid Robotics SMC1 Integrated Payload, the Thrudder-to-CTD cable, and the sensors are required and not included. |
|                   | 10750        | Kit, Mounting Hardware, Seabird Glider Payload CTD [not included] and Dissolved Oxygen [not included], SV3 Float, Souriau bulkhead | \$11,750.00 | Kit includes the hardware required to mount a Seabird Glider Payload CTD and SBE 43F Dissolved Oxygen sensor to a SV3 float, and SMC sensor management software and configurations. A Liquid Robotics SMC Integrated Payload, the Payload-to-CTD cable, and the sensors are required and not included.                         |
|                   | 10752        | Kit, Seabird Glider Payload CTD and Dissolved Oxygen, SV3 Float Mount, Souriau bulkhead  | \$41,250.00 | Kit includes the hardware required to mount a Seabird Glider Payload CTD and SBE 43F Dissolved Oxygen sensor to a SV3 Float, and the necessary SMC sensor management software and configurations. A Liquid Robotics SMC Integrated Payload is required and not included.   |

## PRICE LIST – LIQUID ROBOTICS, A BOEING COMPANY

Version: Q4 2023

|          |   |             |  |
|----------|---|-------------|--|
| 10751    | Kit, Seabird Glider Payload CTD, SV3 Float Mount, Souriau bulkhead                                | \$40,000.00 | Kit includes the hardware required to mount a Seabird Glider Payload CTD to a SV3 Float, and the necessary SMC sensor management software and configurations. A Liquid Robotics SMC Integrated Payload is required and not included.   |
| 11868-02 | Kit, Seabird Glider Payload CTD, SV3 Skeg Mount, Souriau bulkhead, 2 m cable                      | \$40,000.00 | Kit includes the hardware required to Skeg mount a Seabird Glider Payload CTD sensor, 2 meter cable. Necessary SMC sensor management software and configurations is also included. A Liquid Robotics SMC Integrated Payload is required and not included.                              |
| 11868-03 | Kit, Seabird Glider Payload CTD, SV3 Skeg Mount, Souriau bulkhead, 2.5 m cable                    | \$40,000.00 | Kit includes the hardware required to Skeg mount a Seabird Glider Payload CTD sensor, 2.5 meter cable. Necessary SMC sensor management software and configurations is also included. A Liquid Robotics SMC Integrated Payload is required and not included.                            |
| 11868-05 | Kit, Seabird Glider Payload CTD and Dissolved Oxygen, SV3 Skeg Mount, Souriau bulkhead, 2 m cable | \$45,000.00 | Kit includes the hardware required to Skeg mount a Seabird Glider Payload CTD and SBE 43F Dissolved Oxygen sensor, 2 meter cable. Necessary SMC sensor management software and configurations is also included. A Liquid Robotics SMC Integrated Payload is required and not included. |
| 10319    | Glider Payload, CTD, Plastic, 350dBar, Fast Pump  | \$21,000.00 | Seabird Glider Payload CTD (350 db sensor).  |
| 09450    | Kit, Seabird Glider Payload CTD and Dissolved Oxygen, v300 Sub Mount                              | \$35,000.00 | Kit includes the hardware required to mount a Seabird Glider Payload CTD and SBE 43F Dissolved Oxygen sensor to a v300 sub, and the necessary SMC1 sensor management software and configurations. A Liquid Robotics SMC1 Integrated Payload is required and not included.              |

**PRICE LIST – LIQUID ROBOTICS, A BOEING COMPANY**

Version: Q4 2023

|  |                    |   |   |   |
|--|--------------------|---|---|---|
|  | 09449              | Kit, Seabird Glider Payload CTD, v300 Sub Mount | \$27,500.00   | Kit includes the hardware required to mount a Seabird Glider Payload CTD to a v300 sub, and the necessary SMC1 sensor management software and configurations. A Liquid Robotics SMC1 Integrated Payload is required and not included. |
| <b>Electronic Assemblies &amp; Accessories</b> | 07496              | PCBA, AMPS IGM 2.0                              | \$1,500.00  |   |
|  | 07028              | PCBA, AMPS HIGH VOLT, 6X UNREG VCONS            | \$2,750.00  | Updated from initial 04727 SV3 release issues of:1) Inoperative current measurement on HV ports when connected through 'feature' connector2) Conflicting I2C addressing for module power consumption monitoring (logic power)         |
|  | 10406              | Kit, AMPS Carrier, 3MPU                         | \$1,250.00  | Includes AMPS carrier, mounting hardware, spare standoffs, and Loctite.   |
|  | 07847              | PCBA, PDC SV3 VERSION 2.0                       | \$1,000.00  | RMA or Maintenance Training Required.   |
|  | 09746              | PCBA, AMPS BRIDGE MODULE 3.0                    | \$1,375.00  |   |
|  | 09746-01           | PCBA, AMPS BRIDGE MODULE 3.0 - APU Variant      | \$1,375.00  |   |
|  | 04188              | PCBA, AMPS - Solar Panel Input                  | \$450.00  | This Adaptable Modular Power System (AMPS) Module is capable of plugging directly into any AMPS Backplane and accepting a voltage input to put power into the AMPS domain.  |
|  | 07913              | AMPS Board Removal Kit                          | \$700.00  | Kit includes a pair of AMPS board removal tools. This kit simplifies removal of AMPS boards from payload boxes.   |
|  | 04189              | PCBA, AMPS - 13.4V Regulator                    | \$1,250.00  | This Adaptable Modular Power System (AMPS) Module is capable of plugging directly into any AMPS Backplane and has six 13.4V outputs that can be controlled individually.  |
|  | <b>Fluorometry</b> | 10753   | Kit, Mounting Hardware, Turner C3 Fluorometer [not included], SV3 Float, Souriau bulkhead | \$22,000.00   |

**PRICE LIST – LIQUID ROBOTICS, A BOEING COMPANY**

Version: Q4 2023

|                              |          |   |             |   |
|------------------------------|----------|---|-------------|---|
|                              | 01385-01 | Turner C3 Fluorometer (Ref Fuels, CDOM, Turbidity)                  | \$15,125.00 | Sensor only. Ch1: Refined Fuels Ch2: CDOM Ch3: Turbidity  |
|                              | 01385-02 | Turner C3 Fluorometer (Ref Fuels, Crude Oil, CHLOROPHYLL A)         | \$15,125.00 | Sensor only. Ch1: Refined Fuels Ch2: Crude Oil Ch3: CHLOROPHYLL A   |
|                              | 01385-03 | Turner C3 Fluorometer (CHL-A, Crude Oil, Turbidity)                 | \$1,650.00  | Sensor only. Ch1: CHL-A Ch2: Crude Oil Ch3: Turbidity   |
|                              | 01385-04 | Turner C3 Fluorometer (CHL-A, Turbidity, CDOM)                      | \$10,650.00 | Sensor only. Ch1: CHL-A Ch2: Turbidity Ch3: CDOM  |
|                              | 01385-05 | Turner C3 Fluorometer (CHL-Red, Turbidity, Phycoerythrin)           | \$11,650.00 | Sensor only. Ch1: CHL-Red Ch2: Turbidity Ch3: Phycoerythrin   |
|                              | 01385-10 | Turner C3 Fluorometer (Chlorophyll A, Phycoerythrin, Refined fuels) | \$15,125.00 | Sensor only. Ch1: Chlorophyll A Ch2: Phycoerythrin Ch3: Refined fuels   |
|                              | 01385-09 | Turner C3 Fluorometer (Chlorophyll A, Tryptophan, CDOM)             | \$13,500.00 | Sensor only. Ch1: Chlorophyll A Ch2: Tryptophan Ch3: CDOM   |
|                              | 01385-08 | Turner C3 Fluorometer (Chlorophyll A, Refined fuels, CDOM)          | \$15,125.00 | Sensor only. Ch1: Chlorophyll A Ch2: Refined fuels Ch3: CDOM  |
| <b>Launch &amp; Recovery</b> | 01838    | Mooring Hook  | \$105.00    | Requires boat hook with mooring hook holder or standalone mooring hook holder. Proof load tested to 4,000lbs.           |
|                              | 10303    | Launch Strap for Legacy Stand                                       | \$385.00    |   |
|                              | 10529    | Kit, Recovery Buoy Release  | \$2,000.00  | Includes recovery buoy release assembly, and mounting hardware. Recovery buoy, and recovery line are not included.      |
|                              | 10583    | Kit, Rapid Stand & Rapid Stand Launch Kit, Soft Gear                | \$1,100.00  | Includes soft gear for Rapid Stand and Rapid Stand Launch Kit: float strap, sub strap, launch bridle, and release line. |
|                              | 10602    | Rapid Crate 20 Foot Blue E-Track Ratchet Strap                      | \$30.00     | 20 Ft Blue E-Track Ratchet Strap  |
|                              | 08937    | Kit, Legacy Stand Launch Kit  | \$2,450.00  | Launch kit for use with legacy stand.   |
|                              | 05351    | Kit, Recovery   | \$3,250.00  | Includes the Sub recovery mechanism, lifting strap, and hook.   |
|                              | 09597    | Ratchet Buckle for the Rapid crate                                  | \$65.00     |   |

**PRICE LIST – LIQUID ROBOTICS, A BOEING COMPANY**

Version: Q4 2023

|                             |          |  |            |  |
|-----------------------------|----------|--|------------|--|
|                             | 05768    | Heavy-Duty Telescoping Boat Hook with Mooring Hook Holder        | \$105.00   | Capable of being extended from 6' to 14' to retrieve moorings or to pick up overhead items. Construction features oversized anodized-aluminum tubes for greater strength and stiffness. The co-molded, soft-tipped hook prevents scratches while fending off. Twist grips enable easy length adjustments. A Mooring hook holder has been mounted to the hook. Mooring hook not included. |
|                             | 10777    | Assembly, Launch Bridle, Rapid Stand                             | \$2,200.00 | Assembly for launching/lifting the rapid stand with integrated 3rd leg release.  |
|                             | 09328    | Kit, Rapid Stand Launch  | \$275.00   | Kit contains Rapid Stand launch bridle and release line. Does not support stern mast mounts.   |
|                             | 05220    | Kit, Misc Hardware, v100/200/300                                 | \$825.00   | Kit of items commonly used when repairing a Wave Glider SV3. Includes screws, nuts, washers, Loctite, grease and other miscellaneous hardware.   |
| <b>Masts &amp; Antennas</b> | 09468    | Kit, Mast Mounting Hardware                                      | \$110.00   | A set of five (5) plus one (1) spare hardware to attach a mast to the mast plate and stern mast mount. This kit does not include Loctite. Note, included with mast kits.   |
|                             | 10534    | Kit, Mast Mounting Hardware, Mast Plate                          | \$45.00    | A set of five (5) plus one (1) spare hardware to attach a mast to the mast plate. This kit does not include Loctite.   |
|                             | 10535    | Kit, Mast Mounting Hardware, Stern Mount                         | \$82.50    | A set of five (5) plus one (1) spare hardware to attach a mast to the stern mast mount. This kit does not include Loctite.   |
|                             | 10054-03 | Kit, GPS L1 Patch Antenna, Souriau #10 RF, 1.25m Whip, 0.5m Mast | \$3,600.00 | Whip length is non-standard. Kit includes an antenna, mast, and mounting hardware, less Loctite.   |
|                             | 10054-05 | Kit, GPS L1 Patch Antenna, Souriau #10 RF, 2m Whip, 0.5m Mast    | \$3,600.00 | Kit includes an antenna, mast, and mounting hardware, less Loctite.  |
|                             | 10036-05 | Iridium Patch Antenna, Souriau #10 RF, 2m Whip                   | \$2,250.00 | Does not include mast.   |
|                             | 10040-05 | Kit, Iridium Patch Antenna, Souriau #10 RF, 2m Whip, 0.5m Mast   | \$2,850.00 | Kit includes an antenna, mast, and mounting hardware, less Loctite.  |

|                 | 09638    | Kit, Mast, Straight, OD 1.6in x 0.3m                                  | \$900.00     | Kit includes a mast and mounting hardware, less Loctite.   |
|                 | 09639    | Kit, Mast, Straight, OD 1.6in x 0.8m                                  | \$965.00     | Kit includes a mast and mounting hardware, less Loctite.   |
|                 | 10057    | Kit, Cell Antenna, Robust, Souriau #10 RF, 1.25m Whip, 0.5m Mast      | \$3,100.00   | Kit includes an antenna, mast, and mounting hardware.  |
|                 | 09300    | GPS L1 Patch Antenna, Serial output, Souriau #10 9-Pin Male Connector | \$2,500.00   | Does not include mast.   |
|                 | 09470    | Kit, Mast, Tapered, 1in ID x 1m length                                | \$965.00     | Kit includes a mast and mounting hardware, less Loctite.   |
|                 | 09469    | Kit, Mast, Tapered, 1in ID x 0.5m length                              | \$900.00     | Kit includes a mast and mounting hardware, less Loctite.   |
| <b>Payloads</b> | 08571    | Kit of 3 Spare Tube Couplers for Use with Pressure Port Fill Valve    | \$45.00      | Kit of 3 spare tube coupler valves for use with pressures port fill valve on MPU, CCU, APU.  |
|                 | 13125-02 | ASSY, SV3 V300 STARSHIELD COMMS SOLUTION                              | \$125,000.00 | SV3 v300 Starshield payload. This configuration requires delivery in full of the following CFE/GFE SpaceX (OEM) materials for incorporation into the Assembly P/N 13125-02   |
|                 | 10629-01 | 1MPU Souriau Payload, S-Band mesh radio (Wave Relay)                  | \$13,750.00  | 1MPU Souriau payload box housing an embedded S-Band mesh radio (Wave Relay) with 3 external antenna ports. Power, Ethernet and control are supplied via an Expansion Port cable. Expansion port cable is not included.         |
|                 | 10052-03 | 1MPU Souriau Payload w/SMC2, GPSWaves sensor and mast                 | \$38,500.00  | 1MPU souriau payload box housing a SMC2 computer, GPS waves sensor and mast, Ethernet switch, and an extra connector for optional Ethernet and power pass-through to an additional payload box. Expansion port cable included. |
|                 | 12948    | Kit, Sonardyne 6G, ACOMMS-only, SV3 v300                              | \$44,000.00  | this kit contains all the parts necessary to build a Sonardyne 6G, ACOMMS-only system.   |
|                 | 12898    | Kit, Sonardyne 6G, GPS-A, SV3 v300                                    | \$49,500.00  | Includes an Integrated 3MPU Souriau payload for a SV3 v300 vehicle, Sonardyne Integrated Transducer with mounted skeg, two GPS antennas, and two masts with installation hardware.   |
|                 | 05057    | Wave Glider SV3 3-MPU O-Ring  | \$40.00      | Replacement O-Ring used to seal to perimeter of a 3-Modular Payload Unit (3-MPU) box.  |

## PRICE LIST – LIQUID ROBOTICS, A BOEING COMPANY

Version: Q4 2023

|          |   |             |   |
|----------|---|-------------|---|
| 10019    | AMPS Payload, 3MPU, Souriau   | \$4,700.00  | This sub-assembly includes the box and 3MPU AMPS backplane, PDC, & Bridge with a Souriau bulkhead connector.  |
| 08887    | AMPS Payload, 1MPU, Souriau   | \$3,700.00  | This sub-assembly includes the box and 1MPU AMPS backplane, PDC, & Bridge with a Souriau bulkhead connector.  |
| 06019    | Empty Payload, 3MPU   | \$2,000.00  | Includes lid, tub, slides, o-ring, handle, pressure port, and associated miscellaneous hardware.  |
| 06323    | Empty Payload, 1MPU   | \$1,250.00  | Includes lid, tub, slides, o-ring, handle, and pressure port.   |
| 09989-03 | Liquid Robotics Integrated Payload, 3MPU SMC 2.0, Souriau (2x Souriau RF)                     | \$13,500.00 | This is the Liquid Robotics Integrated 3MPU SMC 2.0 solution with Souriau bulkhead connectors, configured for three (2) Souriau RF bulkheads.   |
| 09989-07 | Liquid Robotics Integrated Payload, 3MPU SMC 2.0, Souriau (ADCP, FLOAT-CTD)                   | \$13,500.00 | This is the Liquid Robotics Integrated 3MPU SMC 2.0 solution with Souriau bulkhead connectors, configured for an ADCP and Float CTD. An ADCP and CTD kits are required and not included. Expansion port cable, debug cable, and sensor/payload kits are not included. |
| 10052-04 | Payload For Integrators, 1MPU SMC 2.0, Souriau (GPSWaves)                                     | \$12,000.00 | This is the Integrator 1MPU SMC 2.0 solution with Souriau bulkhead connectors (GPSWaves). It contains a SMC 2.0 kit, AMPS subassembly, buck boost board, and spare high voltage board. Expansion port and debug cables are not included.                              |
| 10512    | Wave Glider SV3 1-MPU O-Ring  | \$40.00     | Replacement O-Ring used to seal to perimeter of a 1-Modular Payload Unit (1-MPU) box  |
| 09989-06 | Liquid Robotics Integrated Payload, 3MPU SMC 2.0, Souriau (GPSWAVES, RFx2, 13-PIN, 7/16 HOLE) | \$13,500.00 | This is the Liquid Robotics Integrated 3MPU SMC 2.0 solution with Souriau bulkhead connectors (custom: GPSWAVES, RFx2, 13-PIN, 7/16 HOLE) Expansion port cable, debug cable, and sensor/payload kits are not included.  |
| 09989    | Payload For Integrators, 3MPU SMC 2.0, Souriau  | \$12,375.00 | This is the Integrator 3MPU SMC 2.0 solution with Souriau bulkhead connectors. It contains a SMC 2.0 kit, AMPS subassembly, high voltage board, and spare buck boost board. Expansion port and debug cables are not included.   |

|                 |           |  |             |   |
|-----------------|-----------|--|-------------|---|
|                 | 09989-ROM | Liquid Robotics Integrated Payload, 3MPU SMC 2.0, Souriau            | \$13,500.00 | This is the Liquid Robotics Integrated 3MPU SMC 2.0 solution with Souriau bulkhead connectors. It contains a SMC 2.0 kit, AMPS subassembly, and required voltage regulation board. Expansion port and debug cables are not included. A Purchase Order cannot be accepted with this part number.   |
|                 | 10052     | Payload For Integrators, 1MPU SMC 2.0, Souriau                       | \$11,000.00 | This is the Integrator 1MPU SMC 2.0 solution with Souriau bulkhead connectors. It contains a SMC 2.0 kit, AMPS subassembly, buck boost board, and spare high voltage board. Expansion port and debug cables are not included.   |
|                 | 10052-ROM | Liquid Robotics Integrated Payload, 1MPU SMC 2.0, Souriau            | \$12,000.00 | This is the Liquid Robotics Integrated 1MPU SMC 2.0 solution with Souriau bulkhead connectors. It contains a SMC 2.0 kit, AMPS subassembly, and required voltage regulation board. Expansion port and debug cables are not included. A Purchase Order cannot be accepted with this part number.   |
|                 | 10180     | Kit, Drill Jig, 1MPU & 3MPU  | \$2,500.00  | Includes jigs for 1MPU & 3MPU, and hardware necessary to properly drill holes for bulkhead connectors.  |
|                 | 09989-01  | Liquid Robotics Integrated Payload, 3MPU SMC 2.0, Souriau (GPSWaves) | \$13,500.00 | This is the Liquid Robotics Integrated 3MPU SMC 2.0 solution with Souriau bulkhead connectors, configured for GPSWaves. A GPSWaves kit is required and not included. Expansion port cable, debug cable, and sensor/payload kits are not included.   |
| <b>Training</b> | 09594     | Wave Glider Maintenance Training                                     | \$3,750.00  | Three-day training conducted at Liquid Robotics Marine Operations Center in Hawaii for a minimum of six (6) attendees, a maximum of eight (8) attendees, and priced on a per-seat basis. This is a training class to learn how to perform regular maintenance. Properly qualified participants will have experience with launch and recovery of other marine gear, the ability to troubleshoot complex mechanical and electrical components, and be computer capable. |

|                    | 10213 | Kit, Bulkhead Connector, Souriau, 13-Pin, Female (#14 Shell)                | \$450.00   | This kit contains all of the parts necessary to install the bulkhead connector in an existing hole.   |
|                    | 10229 | Kit, Bulkhead Expansion Port Connector, Souriau, 13-Pin, Female (#14 Shell) | \$650.00   | This kit contains all of the parts necessary to replace an expansion port connector with CAN and Ethernet SAMTEC connectors, and ferrules for V-Produce, V-Consumer, and Gnd.   |
| <b>Dummy Plugs</b> | 09339 | Kit, Dummy Plug, Souriau, #10 Shell, Receptacle                             | \$75.00    | This kit contains all of the parts necessary to install a dummy plug into an existing bulkhead connector. BER10PLY equivalent.  |
|                    | 09340 | Kit, Dummy Plug, Souriau, #14 Shell, Receptacle                             | \$75.00    | This kit contains all of the parts necessary to install a dummy plug into an existing bulkhead connector. BER14PLY equivalent.  |
| <b>Floats</b>      | 08060 | Resilient Tracker   | \$4,500.00 | An independently powered, self-contained satellite transceiver featuring independent dual GPS and Iridium patch antennas (9603N) so that in the event the surface expression is flipped over, the unit will continue to record its position. Cap, mounting hardware and foam insert not included. |
|                    | 04457 | FOAM, ADCP, SV3   | \$250.00   | FOAM, ADCP, SV3   |
|                    | 08012 | Float Assembly, High Buoyancy, v300   | \$7,500.00 | Includes the motion isolator, the water speed sensor, the octopus cables, a full set of 1-Modular Payload Unit (1-MPU) foam spacers, and a resilient tracker.   |
|                    | 08628 | Kit, SV3, Float Skeg  | \$625.00   | Kit contains a float skeg, mounting hardware, and Loctite.  |
|                    | 09579 | Foam, Water Speed, v300   | \$275.00   |   |
|                    | 10549 | Kit, Water Speed Sensor, v300   | \$2,125.00 | Kit includes water speed sensor with mounting hardware.   |
|                    | 09741 | Kit, Motion Isolator Pin  | \$110.00   | Kit includes motion isolator pin with mounting hardware.  |
|                    | 11943 | Deck Cover 1MPU for additional mast points                                  | \$1,000.00 | Reinforcement (G10) cover plate for the Deck Cover (1MPU) which provides additional mast mounting points. This plate is installed instead of the regular Deck cover.  |
|                    | 09818 | Mast Mount, Stern   | \$350.00   | Includes installation hardware . Provides one (1) mast mount. Requires float serial numbers 283 and greater. Does not include mast mounting hardware.   |

|                           | 10489-06 | Cable, Souriau #10 RF to TNC-Male, 2.5m                    | \$890.00    |  |
|                           | 08228-05 | Cable, Souriau #10 RF to #10 RF, 2m                        | \$1,140.00  | Souriau 2 meter cable (LMR240-DB, 2m). Both ends waterproofed  |
|                           | 08228-07 | Cable, Souriau #10 RF to #10 RF, 3m                        | \$1,765.00  | Souriau 3 meter cable (LMR240-DB, 3m). Both ends waterproofed  |
|                           | 08228-04 | Cable, Souriau #10 RF to #10 RF, 1.5m                      | \$1,140.00  |  |
|                           | 08227-07 | Cable, Souriau #10 RF to SMA, 3m                           | \$890.00    |  |
|                           | 08654    | Kit, Charge & Debug, 13 Pin Male Souriau to DB9/RJ45/8Pin  | \$950.00    | Kit includes a power charger, 120 VAC power cord, and charge & debug cable is 13 Pin Male Souriau to DB9/RJ45/8Pin, which allows communication with the Command & Control Unit.            |
|                           | 10892-04 | #14 Souriau 13 pin (M) 4 meter cable whip                  | \$1,450.00  |  |
|                           | 10893-04 | #10 Souriau 9 pin (M) 4 meter cable whip                   | \$1,390.00  | A 4 meter whip cable with #10 Souriau 9 pin (Male) connector on one end  |
|                           | 09740    | Kit, Cable, Octopus, SV3 v300                              | \$2,075.00  | Kit includes Octopus cable with mounting hardware, and Loctite.  |
|                           | 07579-01 | Cable, Souriau #10 Shell 9-Pin, 1m                         | \$825.00    |  |
|                           | 08228-06 | Cable, Souriau #10 RF to #10 RF, 2.5m                      | \$1,765.00  |  |
|                           | 10892-02 | #14 Souriau 13 pin (M) 2 meter cable whip                  | \$1,200.00  |  |
| <b>Shoreside Software</b> | 08358    | WGMS (Wave Glider Management System) Annual Subscription   | \$15,000.00 | Provides right to use WGMS, delivered by Liquid Robotics as a hosted service for mission management of one commercial Wave Glider for one year.  |
| <b>Maintenance</b>        | 12532    | Kit, Preventative Maintenance, 12 and 36 mo, SV3 v300 Blk2 | \$3,650.00  | Kit, SV3 v300 12- & 36-Month Sea Time Preventative Maintenance. Includes CCU O-Ring, Umbilical Wear Components, the v300 Consumables Kit, Launch Wedges and soft launch / recovery straps. |

| <b>Spares</b> | 04565        | Inspired Energy, NH2054HD34                                   | \$275.00                 | Replacement Rechargeable Smart Lithium Ion Battery for CCU or APU. RMA or Maintenance Training Required.  |
|               | 08791        | Wave Glider SV3 v200/v300 Motion Isolator Spring (Elastomer)  | \$225.00                 | Motion Isolator Spring (Elastomer) for Wave Glider SV3 v200 / v300 variety. This item should be purchased together with Kit, Umbilical Mounting Hardware, v200/300 Sub (PN: 09882). |
|               | 10143        | Wave Glider SV3 V300 Miscellaneous (Consumables)              | \$7,000.00               | Miscellaneous parts for the SV3 V300 (Consumables) including; Charger / Debug Kit, Screws, Washers, Loctites Grease. Pelican case (1550) is included.                               |
|               | 11854        | Kit, Solar Panel, v300 Block 2, 75W                           | \$6,875.00               | Kit includes a 75 watt solar panel, two frameless hold-downs, and mounting hardware.  |
|               | 11538        | Wave Glider SV3 V300 Most common hardware items (Consumables) | \$275.00                 | Most common screws, washers, cotter pins, safety wire, dow corning grease and other consumable items for Wave Glider SV3 v300   |
|               | 10828        | Wing Shaft, Quick Release, v300 Block 2 Subs                  | \$140.00                 | Single quick release wing shaft for v300 Block 2 sub.   |
|               | 12829        | Kit, Lightbar Outer Case                                      | \$40.00                  | Outer case dome with the two O rings for this assembly.   |
|               | <b>Winch</b> | 09730   | Winch 150P Kit, v300 Sub | \$130,625.00  |
| 11469         |              | Winch Hammock Rapid Stand kit                                 | \$1,100.00               | Winch Hammock Rapid Stand kit. Replacement parts of an existing hammock for repair or annual maintenance.   |
| 09148         |              | Casting wire & Snubber, Winch 150P                            | \$16,500.00              | Replacement casting wire and snubber for the Winch 150P.  |
| <b>AIS</b>    | 10032        | Kit, AIS Locking Cover, v300                                  | \$85.00                  | Kit includes an Automatic Identification System (AIS) Antenna's locking cover & screw, and dielectric grease. AIS Antenna not included.   |
|               | 10044        | Kit, AIS Antenna & Locking Cover, v300                        | \$110.00                 | Kit includes an Automatic Identification System (AIS) Antenna, locking cover & screw, and dielectric grease.  |
|               | 04192        | Kit, AIS Antenna  | \$75.00                  | Kit includes an Automatic Identification System (AIS) Antenna and dielectric grease.  |

## PRICE LIST – LIQUID ROBOTICS, A BOEING COMPANY

Version: Q4 2023

|                                       |       |   |             |   |
|---------------------------------------|-------|---|-------------|---|
| <b>Mission &amp; Support Services</b> | 00677 | Piloting Services (1 Day- 1 Wave Glider - 24 Hours) | \$350.00    | The Liquid Robotics Operations Center is staffed 24/7/365. Provided on a per-day, per Wave Glider basis, the LRI Piloting Service includes execution of the mission plan via the WGMS (Wave Glider Management System), monitoring of the Wave Glider, course changes, obstacle avoidance, alarm response, and coordination with in-field personnel during operations. The Operations Center can serve as Incident Command if required. Standard Mission Planning must be purchased along with this service. Services must be utilized within one calendar year of purchase. |
|                                       | 00674 | Standard Mission Planning                           | \$10,000.00 | Construction of mission plan for specific customer operation. Includes full analysis of environmental risk assessment, power management and summary report of expected performance. Setup of custom organization for customer login is done in Wave Glider Management System (WGMS) if required. Mission Planning services must be utilized within one calendar year of purchase  |
| <b>Developer Kits</b>                 | 08690 | Commonly Used Developer Parts Kit, v300             | \$10,000.00 | Includes one (1) 1m & one (1) 2m expansion cable; two (2) expansion port bulkhead expansion ports; 1 and 3 MPU drill kit; power charger and debug cable; two (2) 1/2m masts, two (2) sealed SMA connectors; two (2) SMA-SMA 1.7m coax cables; 9 taper head cap screws M5x25mm titanium; flat washers M5 titanium; split lock washers M5 titanium; self tapping inserts M5 titanium  |
|                                       | 08689 | Development Kit, v300 Block 2                       | \$68,750.00 | This kit is the functional equivalent of a Wave Glider used for desktop development. It includes a Command and Control box, Thrudder electronics housing, expansion cables to act as the umbilical and tow cable and a debug cable.   |
| <b>CCU</b>                            | 10000 | Command and Control Unit (CCU), SV3 v300 Block 2    | \$62,000.00 | Command and Control Unit which handles all of the core electronics functions of the Wave Glider.  |

**PRICE LIST – LIQUID ROBOTICS, A BOEING COMPANY**

Version: Q4 2023

|  |           |   |             |   |
|--|-----------|---|-------------|---|
|  | 09960     | Kit, Light Pipe, v300 CCU   | \$137.50    | Includes light pipe, and mounting hardware.   |
|  | 09954     | Kit, Pressure Port Installation                                   | \$275.00    | Includes pressure port installation hardware, tall pressure port cover with magnet, and mounting hardware.                              |
|  | 12392     | CCU Upgrade Kit, v300 Block 1 to Block 2                          | \$11,500.00 | KIT, CCU UPGRADE, BLOCK1 TO BLOCK 2   |
|  | 10000-DOD | Command and Control Unit (CCU), SV3 v300 Block 2 (DISA)           | \$65,125.00 | DISA Command and Control Unit which handles all of the core electronics functions of the Wave Glider.                                   |
| <b>APU</b>                             | 09956     | Kit, Power Plug Bulkhead Connector Installation, v100/200/300 APU | \$450.00    | Includes bulkhead connector, wiring harness, and installation hardware. Does not include the plug.                                      |
|  | 08087     | Auxiliary Power Unit (APU), v300, Souriau                         | \$11,500.00 | 1MPU equivalent APU. Includes expansion port cable (Souriau, 13-Pin, Male to Male, 1m)  |
| <b>Weather Station &amp; Light Bar</b> | 09471     | Kit, Mast, Tapered, ID 1in x 1m, Lightbar Cutout                  | \$1,125.00  | Kit includes a mast and mounting hardware, less Loctite.  |
|  | 11047     | Visibility Mast and Airmar 200WX Weather Station, v300 Block 2    | \$6,975.00  | Includes a configurable Light bar, Airmar 200WX weather station, and 1m mast with fairing and Souriau connectors for v300 Block 2.      |
|  | 09772     | Kit, Airmar 200WX Weather Station                                 | \$2,125.00  | Kit includes Airmar 200WX weather station, thread seal (for mast mount), and sealing tape (for cable). Cable and mast are not included. |
|  | 11045     | Kit, Programmable Light Bar v300 Blk 2                            | \$2,700.00  | Replacement programmable light bar with cable.  |
|  | 09169     | Kit, Light Bar, 1in ID Mast, Souriau                              | \$2,700.00  | Replacement light bar with cable.   |
| <b>Fasteners</b>                       | 00068     | Insert, Self Tapping, Titanium M5                                 | \$11.00     | Minimum order quantity: 10 RMA or Maintenance Training Required.  |
| <b>Iridium</b>                         | 10547     | DISA Upgrade, Resilient Tracker                                   | \$3,125.00  | Upgrade that allows the resilient tracker to be properly set-up to allow connection to DISA network.                                    |
|  | 10548     | DISA Upgrade, Command & Control Unit                              | \$3,125.00  | Upgrade that allows the Iridium Short Burst Data modem to be properly set-up to allow connection to DISA network.                       |
